About Horseman's Hangout:

Horseman's Hangout was founded in 1998 by Marcia Nelson, and is located on a 10 acre working horse ranch. It is a unique facility where novice/advanced riders work towards extraordinary partnerships with horses.

About Marcia, Owner

Marcia has been passionate about horses her whole life. She loves to teach children to understand and work with these amazing animals. She is known for her tremendous patience, and has a special place in her heart for horse crazy kids! Marcia holds horseback riding lessons year round. She developed her skills with horses in the Connected Riding & Natural Horsemanship disciplines and a lifetime working with horses.

Denise Long, Instructor

Denise very much enjoys being a part of developing the bond between children and horses. As a CHA certified instructor, Denise has been managing summer riding camps for many years. She earned her Equestrian education at Pepperdine University, and previously owned and operated a horse facility in Ojai for 12 years.

Maggie McDermut, Assistant

Maggie will be assisting again this summer. She is from Santa Barbara and has been riding with Horseman's Hangout since she was seven years old. She has experience with everything from pack trips to English Hunter Jumper Shows. Maggie has been assisting with summer camps for the past nine years.

We have amazing quality helpers all summer long ready and excited to help each and every camper!!! You will love them!!
